Dear Mr. Coleman:

We received your application dated September 30, 1994 requesting a mineral material sale in the area previously located as the Aqua Green #1 and #2 unpatented mining claims. We understand that the claims have been abandoned and the area will no longer be operated under the locatable mining laws.

It is understood that reclamation will occur under the regulations found in 43 CFR 3600 when the mineral sale contract is complete. Consequently, the locatable minerals case file may be closed. This letter serves to close case file UTU-71327.

Please contact Gina Pack at this office if you have questions regarding this action. We appreciate your willingness to assist in our multiple use objective for managing public land.

Sincerely,

  
Arthur L. Tait  
Area Manager
